

To whom it may concern,

My name is John Stella, Investor Relations Manager for Nippon Dragon Resources Inc - publicly-traded as NIP on the TSX Venture exchange.

We have utilized TheNewswire for the past several years for our press release distribution and all I can say is that overall, we are extremely satisfied. Not only is the service is superb, the entire staff is exceptional, often going over and above 'call of duty' to deliver for and to satisfy their customers. Therefore, it is without any hesitation whatsoever that we highly recommend TheNewswire to any and all publicly listed companies.

As a small-cap public company, it is vital that we keep our news in the eyes of both the markets and – equally importantly, our existing shareholders – on a regular basis.

TheNewswire's flat-rate Annual billing is an ideal solution.

Over the past year, we distributed 34 press releases (we disseminate in both English and French – so technically, we disseminate 60+ press releases per year) – so that our message is consistent, constant and with a Flat Rate of \$2,500, our average Full North America press release is \$73.50 CDN per press release. (or, \$36.75 if bilingual distribution is factored in).

No one beats that.

The money that we save on press releases we now can allocate to other strategic initiatives.

If anyone from TheNewswire offers their Free Trial? I don't know what the possible objection could be. Take it as I can assure you are going to be more than pleased that you did.

Sincerely,

A handwritten signature in dark ink, appearing to read "John Stella", is written over a horizontal line.

John Stella
Investor Relations Manager
