

My name is Savio Chiu, Senior Manager, Corporate Finance, *Baron Group Canada*.

Founded in 1998, *Baron Group International* is a merchant bank headquartered in Hong Kong, with offices in Beijing, Macau, Milian and in Vancouver, BC.

*Baron Group's* Canadian operation is led by our Vancouver office, where we offer (among other things – please see our website: [www.baron.com.hk/](http://www.baron.com.hk/)) a full range of financial services and support domestic and international clients fulfilling their business needs and capturing opportunities in a broad range of industries and geographies.

For the past several years we have incorporated the services of *TheNewswire* to accommodate the timely disclosure press release requirements for many of our clients and are very happy with the service.

I would strongly recommend that any agency, investor relations coordinator or senior manager of any publicly-traded company take advantage of *TheNewswire's* free press release trial, and ultimately, if satisfied - their services.

Sincerely,

Savio Chiu  
Senior Manager, Corporate Finance  
Baron Group Canada
