

Boardmarker Group

My name is Dean Stuart, founder and CEO of Boardmarker Group, specializing in Investor Relations and Research for Small Cap companies.

I was literally TheNewswire's first client and over the past fifteen years have had the opportunity to watch TNW grow, along with its acceptance and use.

If you are a company looking for affordable, effective press release distribution and a newswire service that is 24/7 and that pays attention to client needs, definitely give TheNewswire a try.

We have worked with Pat Beechinor and his team for many years and are happy to recommend TheNewswire.

Sincerely,

Dean Stuart
