I am Herrick Lau, Managing Director for *Baron Group Canada*.

Over the past decade I have become a colleague of Pat Beechinor's and sent many clients over to TheNewswire.

I do so knowing that TheNewswire's distribution will more than satisfy the distribution needs of the Public companies I refer – but also that TheNewswire will save these companies an enormous amount of money.

The money saved is far better used on maintaining vital in-house staff in these difficult times – or for increasing shareholder and market awareness initiatives.

If nothing else, certainly take advantage of TheNewswire's Free Trial offer.

That way you can make an educated assessment of what they can offer you.

Sincerely,

Herrick Lau
