

To whom it may concern,

We have been working with Pat and his team at TheNewswire (“TNW”) for over eight years.

In fact, Pat Beechinor is the “voice” of JuniorMiningNetwork and produces an exclusive weekly Podcast that (my opinion) is the best in the business.

**Give it a listen!**

TNW feeds us on average nearly a dozen junior mining company press releases each day, making them one of our largest sources of aggregated news from across the sector.

All news from TNW is delivered to our news desk in real-time and goes through the exact same tagging and formatting process as the other seven newswires services we have licensing agreements with.

TNW is unique in that it offers a flat rate annual package versus the pay-as-you-go model used by other newswire services.

We are proud to have established such a great long-term relationship with TNW and highly recommend they be considered as a trusted outlet for public issuers.

Sincerely,

Ted DeMatties Jr.
